

## Evaluation of Cairo Cotton Center

### Production

Levis – Cairo Cotton Center received a 96% reflecting the high level quality and on time delivery of its products.

### Logistics

2007 - Shipped 530 shipments to USA & Europe with no single comment from the clients.

2008 – Shipped 801 shipments successfully to USA & Europe by Sea & Air Freight. Clear indication of our improved operations.

### Compliance

In total compliance with international certificates such as ISO: 9001, OHSAS 18001, Oeko-Tex 100, WRAP and SKAL Organic certificate.

Our main auditors come from our clients such as Macys, Levi's, Calvin Klein, Decathlon, V.F and Nike in relation to quality, social, health & safety and environment.

Our recent achievement is ISO 14001 and we are in the process of acquiring SH 8000.

## Recent developments

**Cairo Cotton Center group** website is launched. Complete information as well as photos about Cairo Cotton Center, Cairo Dyeing Center and Cairo Socks Center are available at [www.cairocotton.com](http://www.cairocotton.com)

**Cairo Cotton Center** reorganized its factory's work flow by constructing additional buildings and connecting all buildings together with bridges at several levels. This facilitates production and quality supervision and enhances transparency and competition among sections.

**Cairo Socks Center** starts its production mid 2009 for full range of men, women and children **classic and sports socks** as the first phase followed by Seamless production. For socks production, Busi machines are purchased to produce socks starting at 120 needles gauge 24 till 156 needles gauge 36. It is planned to produce men, ladies and junior socks range with 132, 144, 156, 168 needle counts with gauge 36 (cotton lycra for men, ladies and junior). In addition to high quality men socks with auto closed-toe system, 240 needle counts with gauge 56.

## Pipe-line projects

Cairo Cotton Center is currently negotiating with 2 reputable worldwide garments companies with the objective of setting up factories in Egypt for Export. More information shall be provided in due course.
